

A Message to SACA Members

I hope you are enjoying the new CalSACA Website and encourage everyone to take advantage of all the information it provides.

I especially want to thank Marcia Salter, the Auditor–Controller of Nevada County, for her leadership and creative talents in developing the new look of our Website. Marcia participates in a wide variety of SACA business and has been especially generous with her time in developing and maintaining our Website.

The CalSACA Website is a valuable source of information for all of us. We’ve had many new auditor–controllers join us in recent years and I encourage them (and their staff) to especially use the Website to learn more about our organization and the many issues that confront us in our day–to–day responsibilities. You will also find opportunities to become more involved in Association matters and I hope you will become more involved in the many Association activities that take place year–round.

Our next conference will be hosted by San Mateo County and the State Controller from November 1st through the 3rd and I encourage all of you to register and attend.

As the next conference approaches, I will be checking with the leadership of our various committees to thank each of them for the valuable work they perform and learn more about the various activities that are keeping them busy.

Looking forward to seeing all of you in San Mateo County!

John Naimo

President, CalSACA

Auditor–Controller

County of Los Angeles
